Agenda Item: 6**(b)**

The GM is currently working with staff and consultants on a number of activities. These activities include the following:

- **WWTP Phase II Improvements**

District staff have been working with the District consultants on the WWTP Phase II construction project bid and award process. District staff should be recognized for their hard work on providing valuable input to this project process.

- **Tribe Hotel/Casino Improvements**

Staff has received draft plans from the Tuolumne Band of Me-Wuk Indians (Tribe) to expand the resort to include an additional 48 guest suites and a new pool area with a bar. Staff and District engineers are currently reviewing the proposed plans and providing comments. District staff met with members of the Tribe to discuss current and future projects and how best to work closely together to accomplish each of our goals.

- **Supervisory, Controls and Data Acquisition (SCADA) Improvements RFQ**

Staff are currently working with Forsgren to develop a Request for Qualifications (RFQ) for the SCADA Improvements project. We are expecting to issue a RFQ within the next several weeks.

- **Ben Kikugawa - Grade 5 Exam**

Special recognition is given to Ben for passing his Wastewater Operator Certification Grade 5 exam. This is a very special and difficult accomplishment and we congratulate Ben on this accomplishment.
